*Due to the ATF's interpretation of the Gun Lock Law, we must include a gun lock with your firearm when we return it to you. Please enclose a gun lock when you send in your firearm. If you are unable to send in a lock with your firearm we will furnish one for you for \$8.00. This will be added to your invoice. If your firearm has an internal locking device, such as the new S&W Revolvers, Taurus Revolvers & Autos with the internal hammer lock, or the Springfield Armory 1911 with the internal lock in the mainspring housing; you do not need to include an external locking device.
